

SCHLEIFRING

Quality Policy

At Electro Miniatures Corp., we are committed to designing and manufacturing slip rings that meet demanding quality standards for aerospace, defense, as well as other vital applications.

As always, we are committed to satisfying customer and regulatory requirements. At Electro-Miniatures Corp., our operating philosophy is fairness and open communication with our employees. We will continue to meet high industry standards by integrating expertise from all of our departments and utilizing our company's core values.

Ways we achieve excellence:

- By designing and manufacturing innovative products and expanding their capabilities.
 - By continually upgrading infrastructure.
- By enhancing productivity to meet commitments in a timely manner.
- BY maintaining customer confidence and satisfaction.
 - By improving the quality management system.
